

How to Handle

Toddler Tantrums

TRY TO STAY CLAM:
Your energy sets the tone. Breathe and try to keep cool.

HOLD YOUR BOUNDARIES LOVINGLY:
Reinforce positive behaviour in a firm but gentle way.

VALIDATE THEIR FEELINGS:
A simple question such as "I know you're upset, can you tell me what is making you sad?"

REDIRECT:
A new focus or talking point can stop a tantrum in it's tracks.

EXPRESSION:
Encourage your child to express their feelings in words rather than acting out.

GIVE IT TIME:
Sometimes big emotions just need time to pass, offer comfort when ready.
